Rates are quoted in GBP, inclusive of VAT, comprehensive insurance (excess applies), additional miles to cover the estimated rally mileage, 2 drivers, permission to take to Europe (July Rally) and del/col to Home House Members Club (rally briefing & departure address). Note: petrol and tolls are not included.

Reservation: We have no control of the cars, so if you have your eye on a particular car, most often the supplier only keeps one in their fleet, best to secure it before someone else does. To secure your car choice, you place a reservation deposit with the balance payable a few weeks prior to the rally start date.

Luggage service: we offer a luggage service & portorage, as many of these GT / Supercars are left wanting in their luggage capacity. So you can have the best of both worlds, enjoy a multi-destination driving holiday without the stress of rationing your luggage down to a duffle bag. (£150/ cabin size, £250/ check-in size).

*** Insurance excess on cars with code "C" have a 100% surcharge added for driving outside the UK on the Spanish Rally.**

There is a separate excess insurance policy that could be taken out personally on cars with a current market value <£100k. Enquire with team for more information.
